

An invitation to join an exclusive and growing community of Strengthscope™ Accredited Users

Strengthscope™ is one of the world's leading strengths assessment tools that help individuals, teams and organisations build greater awareness of their strengths and how these can be used to optimize performance and engagement at work.

As many high performance organizations have experienced, Strengthscope™ will help you understand:

- Your personality and performance strengths
- The tasks and activities that are most likely to energize you and lead to high levels of engagement
- The likely consequences of using your strengths too much, too little or in a way that isn't appropriate for the situation
- The extent to which you apply your strengths optimally in the way you approach your work
- How visible your strengths are to co-workers and key stakeholders (provided you are doing the multi-rater version of the tool)

If you feel that the engagement and productivity of your teams and workforce are important, then you cannot miss out on this opportunity!!

As a Strengthscope Accredited user, you get the understanding and ability to use the tool in interventions around people development, increasing team productivity and performance, coaching your leaders and improving the overall engagement of people etc.
